

## **TABLE 10**

### **TIME RATES**

Fees may be charged by time rates. In this schedule, “field work” means the survey work in the field done by a survey field party headed by a survey technician who is assisted by a party of labourers and equipped with the necessary equipment (e.g. theodolite, level, EDM, chain, total station, GNSS, etc.) suitable for the job in hand. The rates for the normal categories are as follows:

- 1) Charges for mobilization and survey works:  
Minimum one party day at RM 3,380.00 per party day.
  
- 2) Charges for data capture, processing, computations or preparation of plans (no field work involved) is based on the time spent by the computers and draftsmen in the office at the rate of RM 250.00 per hour per draftsman or per computer. This rate includes the cost of supervision, supply of drafting or computing materials and administration.
